To access the CICO website,

1. Please click the K-REACH portal*.
   *K-REACH Portal is the webpage where you can pre-notify, register or join consortia.
2. Please click the box in the right corner, highlighted in red in the picture below. The Korean text says "consortia for joint submission".

Picture 1: The K-REACH portal

And then the following page will open, as shown in the picture below. You can directly access this page via the following link: kreach.me.go.kr/cips/main/INS000101.do.

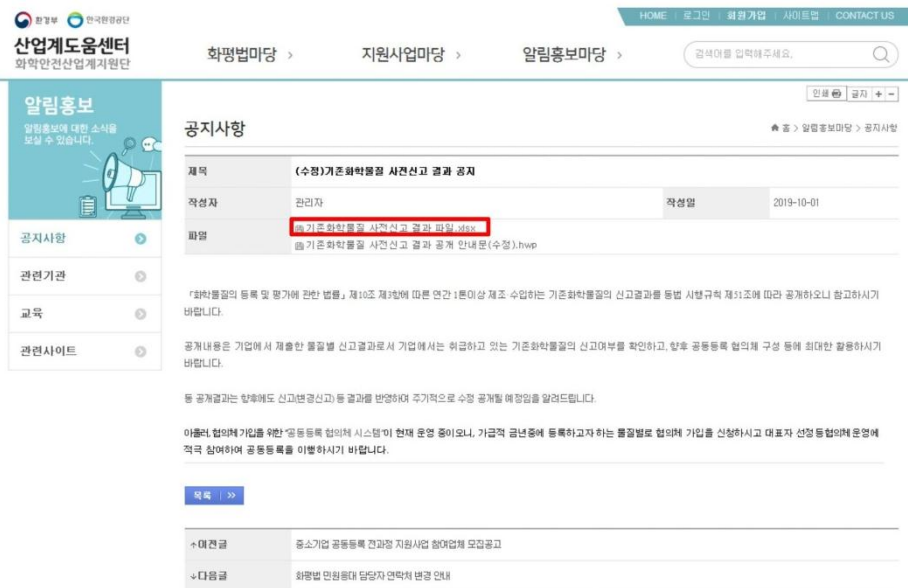

Picture 2: The CICO system main page with link (red frame) to user guidance

By clicking on the link (highlighted in red in picture 2), the manual for user guidance (only in Korean language) will open. To give you an idea which information the guidance provides, here is the list of contents:

- How to access the system
- How to submit an application for joining the consortia
- How to vote/elect the Lead Registrant (LR)
- How to see the list of the consortia members
- How to leave the consortia
- How to transfer the LR role

Furthermore, the results of the pre-notifications, which were submitted by 30th of June, are available now. To see the full list of pre-notifications,

1. Please check out The joint registration notice on the Industry support center web page.
2. Download the Excel file (see the picture 3 below), which provides the list of all pre-notified substances.
