OUR SEGMENT

FEED & FOOD ADDITIVES

OUR FOCUS

Our Feed & Food Additives Business Unit successfully manages all regulatory challenges associated with this field. We look back on 13 years of experience supporting clients in this area.

Our Feed & Food Additives team can offer full support with end-to-end (re)authorisation processes or support you with a specific part of the process. The key benefits are our detailed knowledge of all relevant national and European regulations and our extensive network in the industry, including its associations and governmental organisations.

OUR TEAM

SCC – Scientific Consulting Company – was founded in 1989 by Dr Friedbert Pistel. During our 25-year history we have become one of Europe's largest privately owned and independent consulting companies, supporting global customers in the regulatory affairs business.

SCC is headquartered in Germany in the culturally attractive Rhein-Nahe region and located in a modern building complex. The Global Office Japan was established in 2007 and the Global Office Berlin in 2014.
