THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1025/2012 of the European Parliament and of the Council of 25 October 2012 on European standardisation, amending Council Directives 89/686/EEC and 93/15/EEC and Directives 94/9/EC, 94/25/EC, 95/16/EC, 97/23/EC, 98/34/EC, 2004/22/EC, 2007/23/EC, 2009/23/EC and 2009/105/EC of the European Parliament and of the Council and repealing Council Decision 87/95/EEC and Decision No 1673/2006/EC of the European Parliament and of the Council <sup>(1)</sup>, and in particular Article 10(6) thereof,

Whereas:

- (1) In accordance with Article 8(1) of Regulation (EU) 2017/746 of the European Parliament and of the Council <sup>(2)</sup>, devices that are in conformity with the relevant harmonised standards, or the relevant parts of those standards, the references of which have been published in the *Official Journal of the European Union*, are to be presumed to be in conformity with the requirements of that Regulation covered by those standards or parts thereof.
- (2) Regulation (EU) 2017/746 replaced Directive 98/79/EC of the European Parliament and of the Council <sup>(3)</sup> with effect from 26 May 2022.
- (3) By Implementing Decision C(2021) 2406 <sup>(4)</sup>, the Commission made a request to the European Committee for Standardization (CEN) and the European Committee for Electrotechnical Standardization (Cenelec) for the revision of existing harmonised standards on *in vitro* diagnostic medical devices developed in support of Directive 98/79/EC and for the drafting of new harmonised standards in support of Regulation (EU) 2017/746 (the 'request').
- (4) On the basis of the request, CEN and Cenelec revised the harmonised standards EN ISO 11137-2:2015 on sterilization of health care products, EN ISO 11607-1:2020 on packaging for terminally sterilized medical devices, and EN ISO 11607-2:2020 on packaging for terminally sterilized medical devices (the 'standards'), the references of which are not published in the *Official Journal of the European Union*, in order to take into account the latest technical and scientific progress and the need to support the requirements of Regulation (EU) 2017/746. This resulted in the adoption of the amendments EN ISO 11137-2:2015/A1:2023, EN ISO 11607-1:2020/A1:2023 and EN ISO 11607-2:2020/A1:2023 (the 'amendments').
- (5) The Commission, together with CEN and Cenelec, has assessed whether the standards and the amendments comply with the request.

<sup>(4)</sup> Commission Implementing Decision C(2021) 2406 of 14 April 2021 on a standardisation request to the European Committee for Standardization and the European Committee for Electrotechnical Standardization as regards medical devices in support of Regulation (EU) 2017/745 of the European Parliament and of the Council and *in vitro* diagnostic medical devices in support of Regulation (EU) 2017/746 of the European Parliament and of the Council.

- (6) The standards and the amendments satisfy the requirements which they aim to cover, and which are set out in Regulation (EU) 2017/746. It is therefore appropriate to publish the references of the standards and of the amendments in the *Official Journal of the European Union*.
- (7) The Annex to Commission Implementing Decision (EU) 2021/1195 <sup>(3)</sup> lists the references of harmonised standards drafted in support of Regulation (EU) 2017/746.
- (8) In order to ensure that the references of harmonised standards drafted in support of Regulation (EU) 2017/746 are listed in one act, the references of the standards and of the amendments should be included in Implementing Decision (EU) 2021/1195.
- (9) Implementing Decision (EU) 2021/1195 should therefore be amended accordingly.
- (10) Compliance with a harmonised standard confers a presumption of conformity with the corresponding essential requirements set out in Union harmonisation legislation from the date of publication of the reference of such standard in the *Official Journal of the European Union*. This Decision should therefore enter into force on the day of its publication,
